

UPLOADING DOCUMENTS TO YOUR STUDENT FUNDING APPLICATION

When you submit your online funding application you will be asked to provide documents to confirm the information you have entered on your funding application. You will see them immediately after you submit the application and you can view them each time you login to your Hub account.

Your application will not be looked at by any staff or considered for processing unless you have uploaded a document for each evidence request.

You can submit your documents by scanning or taking a photo of them on your phone and uploading them direct into your application. You can do this at any time while your application is active.

You must ensure the photo or scan is clear and shows dates, names etc. Screenshots on your phone will **not** be acceptable if this information is not shown. We also require all pages of the document.

HOW TO UPLOAD YOUR DOCUMENTS

To upload the documents yourself, go to the “Funding” Section of the Student Hub and click on the “Evidence” tab (circled on the screenshot below) to see which documentary evidence you need to submit
